

# Programming Fundamentals

## Assignment 5

The book 'Python Crash Course' contains 3 python projects. Implement one of these project on individual basis. The submission has to be made in hard copy format by Monday, 30<sup>th</sup> of December 2019. Take care of the following while submitting the report:

1. The report should be in printed format, using A4 size pages and properly filed.
2. The report should have a title page having Student Name, Roll #, Title of the project attempted and the Assignment number
3. Should have a proper table of contents. Separately marking each module of your project.
4. Each module within the project must be generously commented.

The choice of project is left to the student. The submission will be followed by a viva which will determine the students score for the assignment.
